# 2016 Incentives Program Total Grazing Pressure Projects

## Application Form

This program is funded through the Australian Government's National Landcare Program and NSW Catchment Action.

**Applications are due 5pm AEST 24 March 2016.**

Please read the Guidelines and Conditions for the 2016 Incentives Program Total Grazing Pressure Projects before completing this application form.

Applications are due by **5pm AEST Thursday 24 March 2016**.

## Part A – Self assessment checklist

Please answer 'True' or 'False' to the following questions.

1. I am not a NSW State Government employee or applying on behalf of a NSW State Government agency.  True  False
2. My project is located in the Western Region.  True  False
3. I do not have an outstanding monitoring activity with either Local Land Services Western Region or the former Catchment Management Authority.  True  False
4. I am not an individual or business entity involving either:  True  False
  - i. the Chair and Board members of Local Land Services Western Region and their spouse, parents and children or adopted children
  - ii. a Local Land Services Western Region staff member and their spouse, parent and children or adopted children.

### My proposal meets the following criteria:

1. Infrastructure will meet the minimum standard design for Total Grazing Pressure Projects.  True  False
2. Proposed works will enclose an area with fencing that meets stated minimum standard requirements for Total Grazing Pressure Projects.  True  False
3. Trap yards (where proposed) in conjunction with Total Grazing Pressure fencing and are located within the enclosed area.  True  False

### My proposal does not include:

1. Fence designs that do not meet the minimum design standards for Total Grazing Pressure management.  True  False
2. Fencing of lane ways or road enclosures (there is no scope for these works under this Program).  True  False
3. Water infrastructure (there is no scope for water point installation under this program).  True  False

If you answered 'True' to each of the questions above, you can continue completing this Application Form.

## Part B – Applicant details

Contact name:

Company name:

Mailing address:

Telephone:

Mobile:

Email:

ABN:

Trading name:

GST registered:  Yes  No

## Part C – Project details

The questions below are required to determine the location of the project, not a home address (if different).

Project location  
(name of property  
and nearest town):

Western Lands  
Lease:  and / or Lot  DP

Western Lands  
Lease:  and / or Lot  DP

Western Lands  
Lease:  and / or Lot  DP

Western Lands  
Lease:  and / or Lot  DP

Project title (please  
provide a short title  
for your project):

**Project description**

Please provide a summary of your project idea:

**Partnerships and connectivity**

**Will this project connect to one or more past Local Land Services Western Region or Catchment Management Authority projects on your property or a neighbour's property?**

Yes     No

**If 'Yes', please provide details of how past projects connect to your proposal:**

**Will this project overlap an area managed under a Government Program (non Local Land Services Western Region or Catchment Management Authority)? (Note, this may include a human induced regeneration or avoided deforestation project.)**

Yes     No

## Part D – Works involved

To complete the following questions please refer to page 4 of the Guidelines and Conditions.

Please note that ‘upgrade’ fencing refers to all works where there is already an existing fence, regardless of fence condition. A ‘new’ fence is only applicable where works proposed will create a fence where it has not previously existed.

Below are the Minimum Standard Designs for Total Grazing Pressure Projects and the **amount per kilometre** Local Land Services Western Region will contribute to each particular design. Applicants can select the fence most appropriate to their operation and the level to which it is required (i.e. new or upgrade). Materials will still need to be specified in the final application, however quotes and costs are not required.

### Total Grazing Pressure Fencing

#### Option A (Pre-fabricated mesh with barbed wire)

Minimum Standard Description:

- Pre-fabricated mesh (7/90/30) with 2.5mm top and bottom
- 2.5mm high tensile top and belly plain wire supports
- 1.57mm top and bottom barbed wire
- 165cm star pickets at 10M spacing
- <500m strainer spacing

#### Option B (Pre-Fabricated mesh with plain wire)

Minimum Standard Description:

- Pre-fabricated mesh (7/90/30) with 2.5mm top and bottom wire
- 2.5mm high tensile top and belly plain wire supports
- 165cm star pickets at 10m spacing
- <500M strainer spacing

#### Option C (Multi-line plain wire)

Minimum Standard Description:

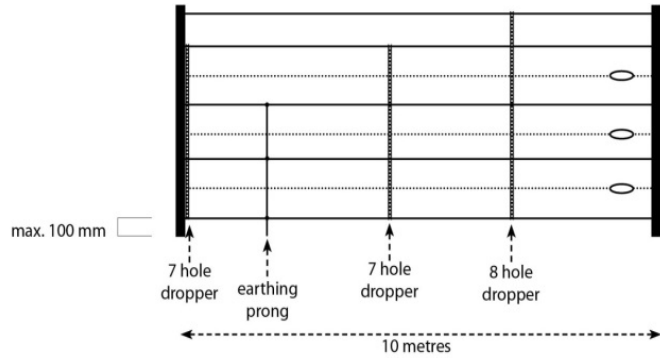

- Eleven line plain wire 2.5mm
- 165cm star pickets at 10m spacing
- 2 droppers per 10m spacing
- <500m strainer spacing

**Option D (Electric fence)**

Minimum Standard Description:

- 7 wire, 2.8mm high tensile
- 3 live wires (in a 7 wire fence) at 7,500 volts (at 75% capacity)
- 165cm star pickets at 10m spacing
- 2 internal droppers (plus dropper on each post)
- <500M strainer spacing

**Contribution – Options A, B and C**

Category	LLS (km)	Landholder (estimate)	Total (estimate)
All new internal fence	<b>\$2,100/km</b>	\$2,100/km	\$4,200/km
Replacement or upgrade fence	<b>\$1,650/km</b>	\$1,650/km	\$3,300/km
Clearing Rate 1	<b>\$100/km</b>	\$100/km	\$200/km
Clearing Rate 2	<b>\$500/km</b>	\$500/km	\$1000/km
Clearing Rate 3	<b>\$700/km</b>	\$700/km	\$1400/km

**Contribution – Option D only**

Category	LLS Funding	Landholder cash or In-kind	Total
All new internal fence	<b>\$2,000/km</b>	\$2,000/km	\$4,000/km
Replacement of upgrade fence	<b>\$1,450/km</b>	\$2,550/km	\$4,000/km
Energiser	<b>50% quotation</b>	50% quotation	
Clearing Rate 1	<b>\$100/km</b>	\$100/km	\$200/km
Clearing Rate 2	<b>\$500/km</b>	\$500/km	\$1000/km
Clearing Rate 3	<b>\$700/km</b>	\$700/km	\$1400/km

Local Land Services Western Region will pay 50 per cent of the total cost of an energiser where required. A quote for the appropriate unit(s) must be provided with the application.

Please provide an estimate of the fencing requirements for your project:

New fence only:

Length of Option A  km

Length of Option B  km

Length of Option C  km

Length of Option D  km

Upgrade fence only:

Length of Option A  km

Length of Option B  km

Length of Option C  km

Length of Option D  km

### Trap yards

Up to two trap yards are permitted per proposal at a rate of \$2,500 per trap.

Traps must be located inside the project area and comply with the minimum standard design as per the Guidelines and Conditions. Note that any enclosure around a watering point is defined as a trap yard.

Number of proposed trap yards:

### Floodway designs (where necessary for gullies/streams)

Funding for flood way fencing is applicable to a defined channel only, meaning a creek, stream or river with a channel greater than five metres. Note that this will be taken into account when determining the cost effectiveness of proposals and may be scrutinised during assessment.

Minimum Standard Description:

- End assemblies either side of waterway
- 4mm bull wire on top
- Sheep yard mesh hinged from top wire
- Weighted centre section (50mm pipe or equivalent).

Number of flood ways required:

Total approximate length of floodway required:  m

### End Assemblies

The designs below are the preferred option for all end assemblies. Alternative designs and materials may be used but must be of solid construction with similar dimensions to the following:

- Posts: 100mm x 4mm, 80mm x 6mm, railway line (no timber constructions)
- Stays: 50mm x 4mm, 12mm rod, drill rod.

Funding for end assemblies will be provided for a new internal fence only, not for existing fence upgrades or replacements. Note that the installation of gates is at the applicant's expense.

**Contribution**

LLS	LLS	Landholder
Option A	<b>\$150</b>	\$150
Option B	<b>\$210</b>	\$210
Option C	<b>\$280</b>	\$280

Number of 'Option A' end assemblies required:

Number of 'Option B' end assemblies required:

Number of 'Option C' end assemblies required:

**Modifications to design**

Designs may be modified to increase the height or stability of the fence. However, the rate of funding for either 'new' or 'upgrade' fences will not change. The following conditions apply to all proposed modifications:

- No components may be excluded from designs. For example, materials can increase in height or quality to accommodate new technologies or reduce the distance between star posts to increase strength, however all components of the minimum standards as indicated must be included in the design.
- Designs which exclude components, reduce quality or the number of wires will not be considered.

Do you intend to modify any of the Minimum Standard Designs?  Yes  No

If you answered 'Yes', what do you intend to modify? Attach detailed diagrams.

## Part F - Project map

Your must attach a map showing the layout of proposed works. You can supply either a hand drawn map using the template on page 10 or a computer generated map. If possible, supply both a map of the project area and another of the whole property showing existing fencing.

What is the estimated area of your proposed project?

 Hectares

Does the project include an area of cropping?

 Yes       No

I have completed and attached a map of the proposed works:

 Yes       No

## Part G – Applicant declaration

Please complete both declarations as requested below. Note that the legal owner of the land where the works are proposed must either sign the declaration or supply written permission for an applicant to do so on their behalf.

I \_\_\_\_\_ of \_\_\_\_\_ declare:

(PRINT NAME)

(GROUP/ORGANISATION)

that the information provided in this application is complete and correct. I have read and understand the guidelines concerning this application.

Signed: \_\_\_\_\_

Date: \_\_\_\_/\_\_\_\_/\_\_\_\_

I \_\_\_\_\_ of \_\_\_\_\_ declare:

(PRINT NAME)

(GROUP/ORGANISATION)

That I am the legal owner of the above property or I have written permission from the owner of the above property to submit this application.

Signed: \_\_\_\_\_

Date: \_\_\_\_/\_\_\_\_/\_\_\_\_

## Submission

Applications must be hand delivered or postmarked by **5:00pm AEST Thursday 24 March 2015**.

**Hand delivery:** to any Western Local Land Services office. Visit <http://western.lls.nsw.gov.au/our-region/contact-us> for the complete list of office locations in the Western Region.

**Post:** Local Land Services Western Region, 2016 Incentives Program, PO Box 307, Cobar NSW 2835
