If you need more space please attach another piece of paper to this Expression of Interest Form and email with this form to:

admin.hunter@lls.nsw.gov.au

NAME: **SIGNATURE:** **DATE:**

Hunter Local Land Services is currently seeking Expressions of Interest (EOI) from landholders for assistance to improve river, native vegetation and pasture health in priority areas of the Lower Hunter, Upper Hunter and Mid Coast districts.

Our main priorities include:

- 1. Protection and restoration of riverbanks in priority areas**
- 2. Significant threatened native vegetation restoration and enhancement for priority vegetation or in priority areas**
- 3. Threatened species recovery for priority species**
- 4. Grazing or on-farm practices that improve pasture cover, perennial species and nutrient/ fertiliser management in priority areas**

Funding is available for eligible landholders, community groups and Aboriginal land managers (such as LALCs) to implement on ground projects to develop natural resource management projects on, private properties. To receive support and determine if your project is eligible for incentive funding we invite individuals or groups to submit Expressions of Interest.

Expressions of Interest (EOI) will be assessed as they are received against a set of criteria including priority locations, alignment to priority recovery and restoration actions for our programs, and outcomes to improve rivers, native vegetation and pasture health.

Once assessed, individual EOIs that meet the above criteria may be contacted by our staff to arrange property visits to learn more about the proposal, and/ or directly invite EOI submissions to apply for funding via an application process. If your EOI does not meet our objectives at this time, we will also contact you to determine how we can provide other types of assistance to best suit your needs.
