

CENTRAL WEST Local Land Services

Fungus Discovery Workshop

An ONLINE Fungus Identification Workshop with Alison Pouliot

Although the world is in lockdown, the fungi are running riot out there in the countryside! The recent rains could mean we are in for a bumper fungus season.

REQUIREMENTS

- This workshop will be held using a video conferencing platform (Jitsi). Participants will need a computer (or mobile device) with speakers and a microphone. Once participants have registered to join the workshop they will be sent a link with an invitation to attend.
- Please bring along your own Fungi specimens and Alison will help identify them during the interactive session.

When: Tuesday May 5th, 10.00am-12.00pm

10:00 Seminar introducing fungi and basic techniques for their identification in the field

11:00 Interactive session where we will identify participants' fungus specimens
